

American Workers Need Your Help

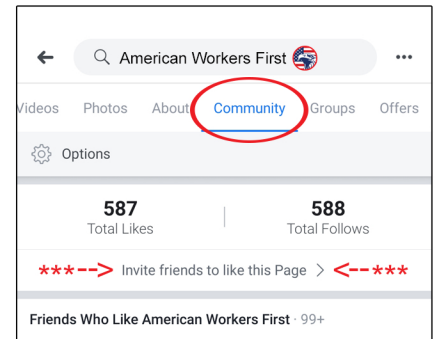

**NO SOCIAL ISSUES. NO POLITICAL BIAS.
JUST BASIC CORE WORKER BELIEFS THAT
BENEFIT EVERYONE.**

-  **End Right To Work**
-  **National Call Center Legislation**
-  **Stop Offshoring Federal Contracts**
-  **Abolish Citizens United**
-  **Living Wages For All American Workers**
-  **Fix The Tax Cuts and Jobs Act of 2017**

We need all our elected officials to start putting workers first. If they do not support these issues, then they do not support American workers and it is time to vote for someone who does. Regardless of party affiliation. If you support American workers and will help fight to put them first please do the following:

The voice for American workers. Labor Vision is a podcast that puts worker related issues in the spotlight and holds our elected officials accountable for not just their words, but their actions. Simply saying that you support Labor is no longer sufficient. It is time for words, actions and most importantly VOTING RECORDS to show who truly cares about ensuring the survival and prosperity of the American middle-class.
